New Release: A UNIVERSE PARALLEL TO OUR OWN

"A Universe Parallel to Our Own," is Captain Gravitone & the String Theory Orchestra's 2nd release. It explores the characters in the fictional world of Captain Gravitone, super-hero of the new millennia and his life in the circus. Quintessentially original, lyrical, with social commentary, pseudo-physics and humor. Gravitone's roots-based music covers multiple genres, an array of rhythms, with fabulous performances by the band and their friends.

PRESS

"Contemporary, original and completely satisfying" Phil Nusbaum, KBEM, Minneapolis, MN

"Like musical confetti!" Carl Unbehauen, KSRQ, Thief River Falls, MN

"Part Americana, part country, part jazz, part blues, and part Tom Waits/Brad Roberts" Robb Murray, Mankato Free Press

"From out of the wild and wacky world of the circus comes Captain Gravitone!" Bill Stoneberg, KQAL, Winona, MN

"Endearingly indulgent" Amelia Vandergast, A&R Factory
